Parsippany-based Acrow Bridge, an international bridge engineering and supply company, announced Thursday it has appointed Robert Russo chief financial officer.

Russo, a senior finance and operations executive, has extensive experience in industrial services and products globally.

Prior to Acrow, Russo was division president, North America, at Harsco Infrastructure Group, part of Harsco Corporation. Previously, he was general manager and CFO of Xylum Corporation; vice president, finance, North America at Fisher Scientific International; and group controller/assistant corporate controller at The Pullman Company.

“Robert brings a wealth of strategic insight and experience to our leadership team,” Bill Killeen, president and CEO of Acrow, said in a prepared statement. “We look forward to his contributions, as we continue to expand our business in the U.S. and abroad.”
